With MicroSwipe, cleaning has never been easier. Advanced microfiber technology combines friction, static electricity and capillary action to absorb and remove micro-particles, dirt, oils and moisture.

# Microfiber

# Uncompromising perfection for every job.

- 10% more Microfiber than our competitors.
- Heavy-Duty Microfiber cloth with a minimum of 700 washes per cloth.
- Four colors to assure non-contamination between jobs

• Kitchen and Bath Cloths with ribbed surface gently removes stains and restores hard finishes, like

stainless steel, to new.

- Ultra-soft suede-like surface for wood, furniture, TV's and Computer screens. Won't scratch and leaves a spotless clean surface with no chemicals.
- Multiples sizes and colors to suite your needs.

Our advanced microfiber technology combines friction, static electricity and capillary action to absorb and remove micro-particles, dirt, oils and moisture. Split, microscopic strands lift and hold all types of dirt and grime until washed, so dirt won't spread to other surfaces.

# All-purpose microfiber cleaning cloth.

All-purpose microfiber cleaning cloth Highly absorbent and lint free.

Replacement Tip	49542	6	2.20

# Grip'n Grab®— Extend Your Reach

The Grip'n Grab's sleek profile fits behind furniture, appliances, crawl spaces and other hard-to-reach areas. The rubberized jaws combined with pistol grip and articulating head allows for picking up small objects horizontally or vertically. Rust-proof for outdoor use, it tackles any job from fallen leaves to debris in pond or fountain.

The articulating head turns 90° to reach tight spaces.

# **Pro+ Elite Dusters**

# **Elite Cobweb Duster**

40% fuller brush head. Contoured Shape and soft Split Tip bristles easily remove dust and cobwebs from corners.

MODEL	CODE	PER CASE

# Floor Squeegees

Inquire About Our Line of Food Service Grade Squeegees

Ettore offers a complete assortment of floor squeegees to help clean up virtually any situation. Our policy of build, test, and spec, applies to all of our products, including floor care tools.

- Steel squeegees both in straight and curved configurations are galvanized to help protect in even the most caustic situations.
- Aluminum Squeegees are perfect for pushing or pulling liquid and won't corrode or rust.
- Dual moss rubber squeegees move fluid and dry it in the same motion. Great for uneven surfaces, like tile, concrete, and even decks.
- Neoprene blades for increased durability.

# Floor Squeegees

Industrial grade floor squeegee with a rugged steel scraping edge and replaceable neoprene rubber blade. Use with handle #1629.

# Aquaclean

### EZ1 Pro+

### Introducing Our Most Portable and Sustainable Pure Water System

- Super portable and lightweight
- Reusable and sustainable resin filter
- Easy and time-saving resin replacement
- Work two poles on a single unit
- High pressure with superior water purity
- 3.3 gallon de-mineralization capacity
- Stainless steel pressure housing

A water-shed moment in the history of pure water technology! The EZ1 Pro+ is more than just our

EZ1 Pro+ is more than just our latest pure water system–with a single regenerated resin

filter, it's almost half the weight of other systems.
Regenerated resin requires only a single purchase and then you can regenerate over and over again. It's a clear cost

advantage over multi-stage systems and it's eco-friendly too. Reduce your operating costs and Greenify your business with The EZ1 Pro+.

### EZ1Pro+

# The Fastbag<sup>™</sup>: The Heart of the System

The Ettore EZ1 Pro+ is equipped with the Ettore Fastbag™ system. This innovative system allows for quick and easy replacement of the 3.3 gallon mixbed resin. The Fastbag™ can be filled with either regenerated mixbed resin or 1-way disposable resin. Your local distributor can provide resin replacement services.

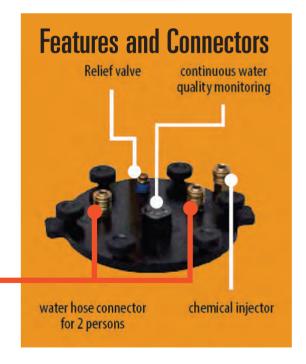

Using regenerated mixbed resin will substantially lower the cost of operation and is a "green" solution as the mixbed resin can be re-generated over and over again.

Ion exchange granulates in Fastbag system or you can use loose resin. There is also an optional chemical injector for pre-cleaning 3rd party operators.

Two hose connectors made from high quality brass fittings allow you to run two poles at once.

### Run Two Poles at Once!

Most Pure Water systems operate one pole marginally without the option of an added pump. EZ1Pro+ uses a patented flow design that produces optimal water flow that enables the operation of two poles at the same time without having to have expensive pumps or the burden of trying to find electricity to power the pumps. Once again Ettore provides a clear path to improve efficiency and ultimately save money!

See the Latest Video at www.ettore.com/aquaclean

## **Aquaclean Pure Water Systems**

# Three Cartridge Filtration System

The Aquaclean system is designed to reduce the maintenance and cost in manufacturing pure water. Pretreatment cartridge, Reverse Osmosis and a De-lonization. We have created the ultimate system that requires the least filter replacement than anything else on the market.

**Step 1.** Tap water flows into the Carbon/KDF prefilter to begin the anti-scaling process and remove chlorine in the water supply.

**Step 2.** The Reverse Osmosis Membranes separate water and remove 92% to 95% of total dissolved solids.

**Step 3.** The De-Ionization Cartridge removes the remaining total dissolved solids, producing water that is 99.99% pure.

Scan this QR code using your smartphone to visit our mobile friendly website.

# **Aquaclean Pure Water Systems**

Aquaclean PW3 ==

**Modular System** 

Model # 94103

Shown with #94104 (Reel) and #94105 (Pump)

Revolutionary cart system gives you the power to operate multiple poles with superior pressure and water clarity!

### Hose Reel for PW3

**PW3 Hose Reel** 

- 100 ft. durable hose
- High quality hose reel for long lasting performance
- Quick installation

## 110v Pump for PW3

Model # 94105

PW3 110 volt pump

- Pressure gauge
- 110 volt pump
- All brass water fittings
- Quick installation

**Aquaclean Poles** 

The Aquaclean Carbon Fiber Pole system is designed to deliver the precise balance between rigidity and weight. without sacrificing durability or strength. Each pole has an aluminum outer tube that provides added strength while protecting the expensive carbon fiber inner pole. This is simply the best water fed pole available.

PART NO.	DESCRIPTION	LENGTH	WEIGHT
7218	18 ft. Aluminum/Carbonfiber	54 in.	2.43 lbs.
7225	25 ft. Aluminum/Carbonfiber	67.5 in.	3.69 lbs.
7235	35 ft. Aluminum/Carbonfiber	72 in.	6.42 lbs.
7245	45 ft. Aluminum/Carbonfiber/Hi Modulus	79 in.	7.86 lbs.
7255	55 ft. Aluminum/Carbonfiber/Hi Modulus	91 in.	8.97 lbs.
7265	65 ft. Aluminum/Carbonfiber/Hi Modulus	105 in.	10.07 lbs.

- Additional size brushes sold separately.
- Actual cleaning height may vary.

Please consider grade of surface, height of windows, distance from building the operator is standing and height of operator. As with all poles, extreme care must be taken while working with water near electricity.

Scan this QR code using your smart-phone to visit our brand new mobile friendly website.

## Rea-c-h™ Pole Conversion Kit

### Now You Can Convert Our Rea-c-h Pole Into a Water-fed Pole.

Let's face it, Carbon fiber poles are expensive and you don't always need large poles that extend to the fourth and fifth floors.

We have created a kit that combines our revolutionary Aquaclean brush, pole and angle adapters and quick connect hose that allows you to utilize every Ettore Rea-c-h pole in your arsenal and adapt it to pure water cleaning.

Now we offer a solution for pole lengths from two feet to 65 feet, all using the same performance proven Ettore Technology!

Conversion Kit

• 30 ft. hose
